SB 425: An Act Concerning Municipal Transparency, Efficiency, and Accountability

Dear legislators,

I am cc'ing SeeClickFix for its information.

I have found SeeClickFix helpful for (1) seeing whether problems have already been reported by other SeeClickFix users, (2) submitting reports of problems, and (3) letting me receive e-mail notification of events affecting traffic or parking.

Please pass SB 425 to support programs like SeeClickFix in towns across Connecticut.

Thank you for your attention.

-Philip
